

Amendments to the Drawings

Please replacement original drawing sheet 3/26 with the accompanying replacement drawing sheet 3/26 attached hereto.

Remarks

In view of the following remarks, reconsideration of the outstanding office action is respectfully requested.

In a telephone conference following receipt of the Notice of Allowance, Examiner Stockton requested that applicants provide a clean set of the claims as allowed. Applicants respectfully submit the same with this amendment, with the only exception being a correction to claim 1 to insert the word "or" within the listing of groups for Q¹ and Q². This amendment is shown in the listing of claims.

Applicants have also corrected a typographical error appearing in Figure 3 (drawing sheet 3/26). In particular, the recitation of the alkyl side chain in compounds 56 and 56a has been corrected from " $-(CH_3)_{13}CH_3$ " to instead recite " $-(CH_2)_{13}CH_3$ ". This is an obvious typographical error and its correction does not introduce any new matter.

In view of all of the foregoing, applicants respectfully request entry of this amendment.

Respectfully submitted,
